FINISHED THE QUIZ APPEARING ON THE ENVELOPE?  
See how well you've done by checking your answers  
against those listed on the enclosed Renewal  
Savings Certificate.

Just for fun, detach & save the answer panel,  
along with the quiz, and challenge your  
friends to test their electronics savvy.  
(Incidentally, the average score -- according to a  
recent research survey of electronics club members  
-- is 5 correct.)

Dear Subscriber:

If you're "puzzled" as to why we're writing to you now about renewing your POPULAR ELECTRONICS subscription (when you've still got two issues to go before your current subscription expires) ...

... that question has a three-part answer:

1. By renewing now -- while still an active subscriber -- you are entitled to substantial savings. Your choice of these special discount renewal rates:

**18 months for only \$4.85**

(\$2.65 off the regular subscription rate; \$4.15 off newsstand cost!) or

**36 months for only \$8.98**

(\$6.02 off the regular subscription rate; \$9.02 off newsstand cost!)

2. By renewing now -- and choosing to enclose payment now -- you save us billing and clerical costs. And your share in our savings is a BONUS of **2 extra issues** added to your new term of service!

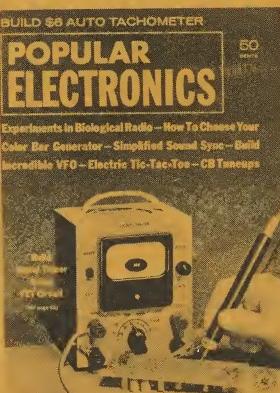

But the third part is probably the most important to you, for ...

3. By renewing now -- instead of waiting till the last minute -- you give us time to update and revise your account file, guaranteeing that your renewal will pick up right where your current subscription leaves off. **You don't chance missing even one fact-and-fun-packed issue of POPULAR ELECTRONICS!**

So, take a moment now to check the enclosed Renewal Savings Certificate, slip it into the pre-addressed envelope and shoot it right back to us ... TODAY!

Cordially,

Walter S. Mills, Jr.  
Vice President and  
Circulation Director
